ABOUT ME.

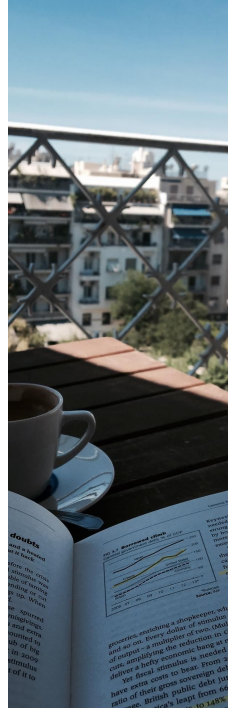

Hi, my name is **Maggie**.

THAT'S ME!

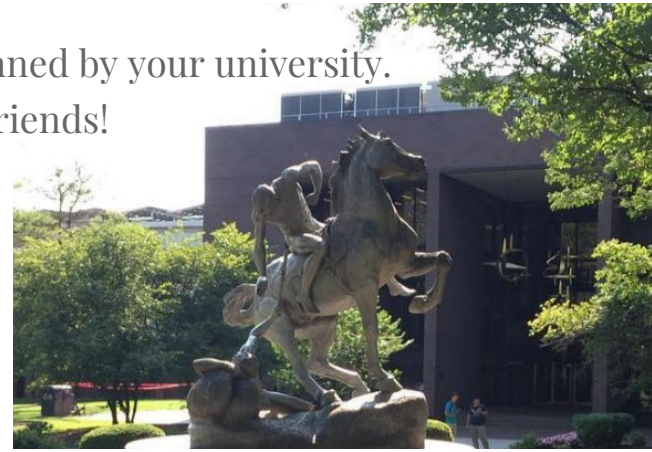

Travel **Enthusiast**.
Adrenaline **Junkie**.
Finance **Major**.
Coffee **Addict**.

Go to **activities and campus events** that are planned by your university. It's a great way to meet new people and make friends!

If you live on campus, **hang out in common areas** and leave your dorm room open to **meet new people.**

Go to class! Don't skip class during the first week. It's not a good way to start off the semester. **Sit towards the front.**

Maintain **healthy eating habits** and keep up with your **exercise regime!** You want to **feel your best** so this should be prioritized.
