

# CHANGEMAKER PROJECTS

FACT SHEET

COMMUNITY • FOUNDATION • OF • NEW • JERSEY

Delivering impact for your charitable giving is central to our mission at the Community Foundation. Many of our donors are increasingly seeking to 'invest' some or all of their fund in grant opportunities that deliver a social return. Our **Changemaker Projects** are designed to address this need.

## HOW IT WORKS

Our Board's Leadership Committee works in partnership with participating donors to identify grant projects that are designed to deliver a high 'return' on the funding by intervening on issues that undermine our communities' well-being.

**Changemaker Project** participants may help steer the Fund and receive progress briefings on how the Fund achieves the greatest impact.

Recently, the **Community Foundation's changemakers:**

### WENT TO SCHOOL

to provide nutritional meals to the more than 300,000 New Jersey students from low-income families who start the school day hungry, leading NJ to go from 46th to 26th nationally in school breakfast participation rates – a greater and faster jump than any other state.

### HIRED AN ATTORNEY

with Rutgers School of Law – Newark to ensure NJ's incarcerated youth are properly rehabilitated, leading to the end of punitive solitary confinement for an at-risk youth and **medical and dental procedures** for others whose ailments had been overlooked.

### WENT DOOR TO DOOR

to Meadowlands-area hotels and motels in the lead-up to the 2014 Super Bowl in NJ to raise awareness of human trafficking, ultimately distributing **85,000 bars of soap**, each of which had the National Human Trafficking Hotline phone number printed on the wrapper.

We invite you to join us as a **changemaker** on the critical issues our communities face.
