

COMMUNITY  
FOUNDATION  
OF NEW JERSEY

We have expertise  
in using non-publicly  
traded assets for  
charitable giving.

The Community Foundation of New Jersey can accept a wide range of assets and can be a resource to you and your clients to seamlessly handle the charitable component of a complex transaction. Working with the Community Foundation, you can turn your clients' non-publicly traded assets into their own liquid donor advised funds to support the communities or causes they care about. Done well, there's no limit to the ways your clients can give.

# A trusted philanthropic partner.

The Community Foundation of New Jersey provides an opportunity for your clients to do spectacular things across the philanthropic spectrum. We add the sophistication of a trusted philanthropic partner with their priorities and inspiration top of mind. It is this personalization that attracts so many professional advisors to work with us.
